DETAILED ACTION

Examiner's Amendment/Comment

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Examiner's Amendment/Comment".

An examiner's Amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 C.F.R. 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the Issue Fee.

Authorization for this Examiner's Amendment was given in a telephone interview with Daniel De Vos (Reg No. 37,813) on September 17, 2004.

In regards to claim 31, please change "response to generation of the first command" to "response to the exception".

Furthermore, it was recognized that one of the amendments to the first "executing" element of claim 1 was not illustrated in the latest response filed, but was apparent from the Remarks section of that response. The unillustrated amendment replaced "generation of the first command" with "the exception." The unillustrated amendment was discussed with the Applicant who indicated it was an oversight and verified there were no additional unillustrated amendments. The claim was examined as shown in the response with the amendment made.
